

Note:

Please note that on July 6, 2018, the Alberta Securities Commission (BCSC) disseminated an Undertaking to the Executive Director by edatanetworks Inc. and Terrance (Terry) Patrick Tietzen.

The Undertaking states that:

[... The Corporation, through its director Tietzen, undertakes to the Executive Director of the Commission that it shall not distribute, or engage in any act in furtherance of a trade or resale in respect of any securities, including but not limited to shares and loan agreements, issued by the Corporation.

Tietzen undertakes to the Executive Director of the Commission that he shall not engage in any act in furtherance of a distribution, trade or resale in respect of any securities, including but not limited to shares and loan agreements, issued by the Corporation. ...]

However, on the label of the notification, the order was inadvertently identified as a “*Ban Trading Of*” instead of a “*Ban Trading By*”.
